

M&E FRAMEWORK SUMMARY

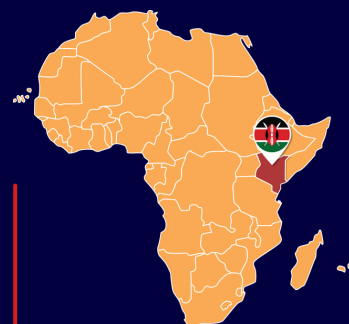

School Re-entry of Teen and Young Mothers (Aged 12–24)

Project implemented by: Betty Adera Foundation in partnership with the Westlands Sub-County Education Office with support from Rise Up

Project Duration: 2024–2025

Geographic Scope: Westlands Sub-County Public Primary and Secondary Schools

Project Overview

01

02

This initiative aims to operationalize Kenya's school re-entry policy by developing a localized M&E Framework that tracks, supports, and evaluates the return of teen and young mothers to school in Westlands Sub-County, Nairobi County. It addresses policy implementation gaps, stigma, and inadequate support services in informal and public schools, ensuring no girl is left behind.

Framework Goal

To ensure that all eligible teen and young mothers in Westlands Sub-County are supported to return to and complete their education, in line with national return-to-school policies and inclusive education standards.

03

PROJECT'S GOALS

Key Objectives

- Track school dropouts due to pregnancy and re-enrollment post-delivery
- Monitor school-level implementation of re-entry policies
- Assess the availability of psychosocial, material, and academic support systems
- Measure stakeholder attitudes and practices
- Identify systemic barriers and opportunities for advocacy

Indicators at a Glance

Outputs:

- Of schools reporting pregnancy-related dropouts
- Of heads trained on re-entry policy
- Of teen/young mothers re-enrolled

Outcomes:

- % of teen mothers completing academic year
- % of schools providing support mechanisms
- % of teachers with positive attitudes

Impact:

- Reduced dropout rates
- Increased transition rates (e.g., from primary to secondary)

Core M&E Activities

- Monthly data collection via re-entry tracking forms
- Stakeholder KAP surveys and FGDs (bi-annually)
- School spot-checks and learning review meetings
- Case documentation for success stories and challenges

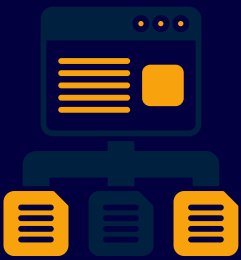

Key Stakeholders

- **Sub-County Education Office** – Lead coordination, reporting, and policy oversight
- **Head Teachers and Guidance Counselors** – School-level tracking and support
- **Betty Adera Foundation** – Technical assistance, training, and data use
- **CHPs, Parents, Ambassadors** – Community mobilization, follow-up, and peer advocacy

Data Use & Reporting

- Data stored securely and analyzed quarterly
- Monthly summaries and quarterly briefs shared with decision-makers
- Annual learning reports disseminated to stakeholders
- Bi-annual community feedback sessions for accountability and adaptation

Sustainability Approach

- Embed into school improvement plans
- Annual review and adaptation by education office
- Inclusion in County Education Working Group
- Continued capacity-building of school personnel
