

Betty Adera Foundation

WEBSITE ENHANCEMENT PROPOSAL

Creative Ideas to Elevate the BAF Website

A curated set of features and improvements to make the Betty Adera Foundation website more engaging, impactful, and effective at reaching donors, volunteers, and beneficiaries.

PREPARED FOR	DATE	TOTAL IDEAS	STATUS
Betty Adera Foundation	March 2026	12 Features	Ready for Review

Executive Summary

The BAF website replica is already built and running with a full navigation, hero slider, blog system, and admin panel. This document outlines 12 additional creative enhancements — ranked by priority — that will significantly increase visitor engagement, donor conversions, and the foundation's credibility online. Each idea includes a description, purpose, and implementation notes.

TOP 3 RECOMMENDED (HIGHEST IMPACT)

01

02

03

Impact Counter

Animated numbers showing lives touched — builds instant trust with donors and partners.

WhatsApp Button

Floating chat button for direct contact — the most practical tool for your African audience.

Testimonials Slider

Rotating quotes from beneficiaries with photos — personal stories are the most powerful fundraising tool.

VISUAL & ENGAGEMENT

Impact Counter Section **HIGH PRIORITY**

Animated number counters that count up from zero when a visitor scrolls to that section. Instantly communicates the foundation's scale and builds credibility with first-time visitors, donors, and partners.

EXAMPLE COUNTERS

3,000+ Girls Mentored · 8 Active Projects · 5 Countries · 1,200+ Volunteers

WHERE IT GOES

Homepage — between Mission and CTA Cards sections

- Numbers animate smoothly from 0 to final value when scrolled into view
- Gold accent icons above each counter (heart, globe, people, briefcase)
- Burgundy background to visually separate from surrounding sections

Testimonials / Stories Slider

HIGH PRIORITY

A rotating carousel of short quotes and stories from beneficiaries, volunteers, and partners. Personal stories are proven to be the most effective tool for increasing donations and volunteer sign-ups.

CONTENT

Photo · Quote · Name · Program (e.g. "Y-WISE Graduate, Nairobi")

WHERE IT GOES

Homepage — above the Partners section

- Auto-rotates every 6 seconds with smooth fade transition
- Large open-quote mark in gold for visual impact
- Circular profile photo with gold border ring
- Light cream background to distinguish from other sections

Program / Impact Timeline

MEDIUM PRIORITY

A visual vertical timeline on the About page showing the foundation's journey year by year — from founding in 2019 to present. Shows growth, milestones, and builds institutional credibility.

CONTENT

Year · Milestone title · Short description · Optional photo

WHERE IT GOES

About Us page — after the Mission & Vision section

FUNCTIONAL FEATURES

WhatsApp Floating Chat Button **HIGH PRIORITY**

A green WhatsApp button fixed at the bottom-right of every page. Visitors click it and are taken directly to a WhatsApp chat with the foundation. Highly effective for African audiences who prefer WhatsApp over email forms.

HOW IT WORKS

Opens wa.me/+254XXXXXXXXXX with a pre-typed message: "Hello BAF, I'd like to know more about..."

WHERE IT GOES

All pages — fixed bottom-right corner, above scroll-to-top button

- Green circle button with WhatsApp icon — universally recognised
- Subtle bounce animation to attract attention
- Tooltip on hover: "Chat with us on WhatsApp"

Newsletter Signup Popup **MEDIUM PRIORITY**

A tasteful popup that appears 10 seconds after a visitor arrives, inviting them to subscribe to BAF updates. Grows the foundation's email list for future communications and fundraising campaigns.

TRIGGER

10 seconds after page load — only shown once per visitor (stored in localStorage)

FIELDS

Name + Email + "Subscribe" button · Easy dismiss with X

Event Countdown Timer **LOW PRIORITY**

When an upcoming event is scheduled, display a live countdown timer on the homepage (Days : Hours : Minutes : Seconds). Creates urgency and drives event registrations.

WHERE IT GOES

Homepage — top banner or dedicated section near Events

ADMIN CONTROL

Admin sets the event name and date via the admin panel — timer appears automatically

Donation Progress Bar **MEDIUM PRIORITY**

A fundraising goal tracker shown on the Donate page: "Help us reach KSh 500,000 — 67% funded." Creates urgency and social proof. Admin sets the goal and current amount in the admin panel.

WHERE IT GOES

Donate page — top of page, and optionally the homepage sidebar

ADMIN CONTROL

Goal amount + current amount set via admin panel · Auto-calculates percentage

CONTENT ENHANCEMENTS

Photo Gallery with Lightbox MEDIUM PRIORITY

The Gallery page currently says "Coming Soon." Replace it with a full photo grid where clicking any photo opens it in a full-screen lightbox with left/right navigation arrows.

FEATURES

Masonry or 3-col grid · Click to open
fullscreen · Keyboard arrow navigation ·
Category filters

ADMIN

Admin uploads photo URL + caption +
category via admin panel

Volunteer Stories / Profiles LOW PRIORITY

A dedicated section on the Volunteer page showing 3–4 featured volunteer profiles with their photo, name, role, and a short quote. Humanises the foundation and encourages new volunteers to sign up.

WHERE IT GOES

Volunteer page — between the volunteer
areas grid and the application form

CONTENT NEEDED

Photo · Name · Volunteer role · 1–2
sentence quote from the volunteer

Interactive Impact Map LOW PRIORITY

A visual map of Africa with pins showing where BAF operates — Kenya, Tanzania, and Ghana. Hovering a pin shows the country name and active projects there. Immediately communicates the foundation's geographic reach.

WHERE IT GOES

About Us page or Homepage — near the
mission statement

TECHNOLOGY

SVG-based Africa map (no external library
needed) with CSS hover effects

TRUST & CREDIBILITY

Annual Reports Download Section MEDIUM PRIORITY

A dedicated section on the Newsletters page (or a new Reports page) listing annual reports as downloadable PDFs by year. Demonstrates transparency and accountability to donors and grant agencies.

LAYOUT

Card per year with cover thumbnail · Report title · Download PDF button

ADMIN

Added via the existing blog/admin panel — use "Reports" category

Media Mentions / Press Strip LOW PRIORITY

A horizontal strip showing logos of media outlets or organisations that have featured or partnered with BAF: "As featured in..." or "Trusted by..." Adds instant third-party credibility.

WHERE IT GOES

Homepage — just above or below the Partners marquee section

CONTENT NEEDED

Logos from media, government bodies, or UN agencies that have recognised BAF's work

SUGGESTED IMPLEMENTATION ORDER

Build in this order for maximum early impact with least effort:

PHASE	FEATURE	PRIORITY	WHY NOW
1	WhatsApp Button	HIGH	Quickest to build, immediate practical value
2	Impact Counter	HIGH	First thing big donors look for — builds credibility instantly
3	Testimonials Slider	HIGH	Emotional connection drives donations and volunteer sign-ups
4	Donation Progress Bar	MEDIUM	Creates urgency and transparency on the Donate page
5	Photo Gallery Lightbox	MEDIUM	Replaces the "Coming Soon" gallery page with real content
6	Newsletter Popup	MEDIUM	Builds email list for fundraising campaigns
7+	Timeline · Map · Volunteer Stories · Media Strip	LOWER	Polish and credibility — build after core features are live
